Overseas Operating Model

01

Serving 30+ countries/regions

02

An overseas sub-factory was established in Ho Chi Minh City, Vietnam (2019)

03

Near-market supply, Regulatory compliance, and Cost/Lead-time controllable.

About Us

National/provincial R&D credentials and industry association roles

Recognized by leading North American furniture and soft-decor customers as a “trusted Asian supply-chain partner,” with strong market feedback and repeat purchases.

End-to-end certifications (ISO 9001, GRS, classification societies) plus full in-house testing—ensuring compliance and quality from raw fiber to finished goods.

Representative Partners: Long-term cooperation with Ashley, La-Z-Boy, and Richloom, among other major sofa brands and importers across Europe and North America.

- Customized services;
- Establish milestones and acceptance nodes;
- 2–4 weeks for routine sampling, rapid pilot for key programs, and 48-hour closure for exceptions.

ELITE POWER®

04. R&D

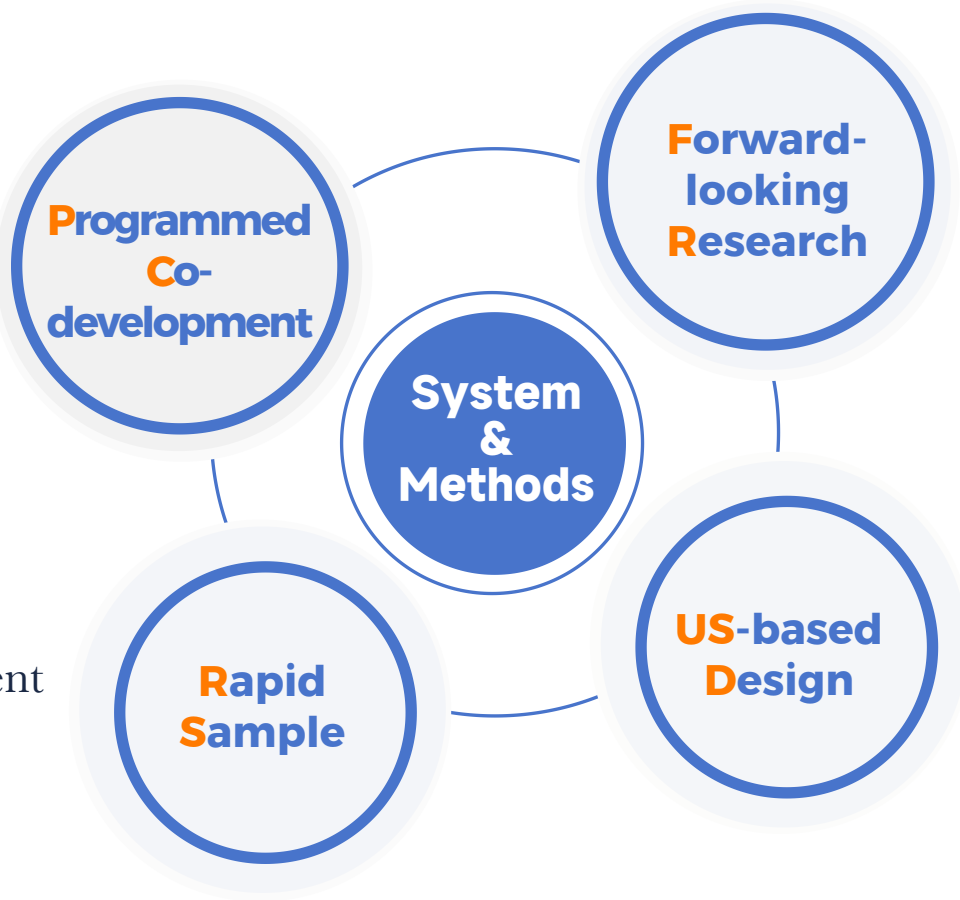

R&D

ELITE POWER®

Investment Level: Approximately 3–4% of annual sales devoted to R&D.

Programmed co-development synchronized with key customer releases;

Rapid sample-driven development and small-lot validation;

Forward-looking research with domestic/international institutes;

US-based design team launching Spring/Fall collections tuned to Western trends.
